<ul style="list-style-type: none"> <li>Retail Cosmetic Assistant</li> <li>Cosmetic Consultant</li> </ul>	<ul style="list-style-type: none"> <li>Nail Technician</li> <li>Nail Artist</li> </ul>	<ul style="list-style-type: none"> <li>Beautician</li> <li>Make-up Artist</li> </ul>	<ul style="list-style-type: none"> <li>Beauty Therapist</li> </ul>
Retail cosmetic assistants interact with customers to demonstrate and sell make-up and skin care products, as well as performing routine salon or store tasks.	Nail technicians interact with customers, provide manicure and pedicure services, apply acrylic or gel nail enhancement and apply nail art.	Beauticians provide a range of beauty services including nail, lash and brow services, make-up and waxing, as well as demonstrating and selling retail products.	Beauty therapists provide a range of treatments including facials, aromatherapy, body massage and treatments, as well as lash and brow treatments, make-up, waxing and nail services.

SIB50110 Diploma of Beauty Therapy	SIB50210 Diploma of Salon Management	SIB70110 Vocational Graduate Certificate in Intense Pulsed Light and Laser Hair Reduction
<ul style="list-style-type: none"> <li>Beauty Therapist</li> </ul>	<ul style="list-style-type: none"> <li>Salon Manager/Owner</li> </ul>	<ul style="list-style-type: none"> <li>Therapist specialising in Hair Reduction</li> </ul>
Beauty therapists have a high level of customer service skills to provide a range of specialist treatments including spa therapies, relaxation therapies, cosmetic tattooing or electrolysis, in addition to facials, aromatherapy, body massage and treatments, lash and brow treatments, make-up, waxing and nail services.	Salon managers are responsible for the overall operation of a business and may focus on building the business, creating and establishing a personal services culture, leading and developing a team, developing and implementing marketing activities, and ensuring all occupational health and safety requirements are maintained.	Therapists who specialise in the use of IPL and laser for hair reduction develop a high level of knowledge enabling them to analyse skin and hair characteristics when designing and performing a hair reduction treatment plan, using appropriate technology in a safe and compliant manner.
